TITLE 7—AGRICULTURE

Chapter XI—Production and Marketing Administration (War Food Distribution Orders)

[WFO 10, Amdt. 23]

PART 1432—RICE

SET-ASIDE REQUIREMENTS AND RESTRICTIONS ON DISTRIBUTION AND MILLING OF RICE

War Food Order No. 10, as amended (11 F. R. 10649, 13144, and 14646, and 12 F. R. 347 and 702), is hereby further amended by striking § 1432.1 (c) (1) and substituting in lieu thereof the following:

(1) Deliveries in any calendar month by any miller to persons other than governmental agencies of brown and milled rice for shipment to Puerto Rico, the Virgin Islands, and Hawaii, and exports of brown and milled rice in any calendar month by any miller to Cuba, and other exports of brown and milled rice in any calendar month by any miller under a license issued pursuant to the act of July 2, 1940, as amended (50 U. S. C. App. 701 et seq.), may be credited against the set-aside requirements of paragraph (b) (1) of this section for such month in a total amount not exceeding 40 percent of the total quantity of brown and milled rice milled by such miller during such month.

Effective date. This amendment shall be effective as of 12:01 a. m., e. s. t., March 1, 1947. With respect to violations, rights accrued, liabilities incurred, or appeals taken under the provisions of War Food Order No. 10, as amended prior to said date, all such provisions shall be deemed to remain in full force for the purpose of sustaining any proper suit, action, or other proceeding with respect to any such violation, right, liability, or appeal.

(Sec. 2 (a), 54 Stat. 676, as amended; 50 U. S. C. App. and Sup. 1152 (a); E. O. 9280, Dec. 5, 1942, 3 CFR Cum. Supp., E. O. 9577, June 29, 1945, 3 CFR 1945 Supp.)

Issued this 28th day of February 1947.

TITLE 8—ALIENS AND NATIONALITY

Chapter I—Immigration and Naturalization Service, Department of Justice

Subchapter B—Immigration Regulations

ENDORSEMENT OF PASSPORTS

FEBRUARY 17, 1947.

The following amendments to Title 8, Chapter I, Code of Federal Regulations, are hereby prescribed:

PART 108—RECORDING OF ARRIVALS, DEPARTURES, AND REGISTRATIONS

1. Paragraph (a) of § 108.3 *Immigrants; Forms 257a, 257b and 257d; action at time of entry* (11 F. R. 9982) is amended by deleting the last two sentences, which read: "When an alien admitted on presentation of Forms 257a, 257b, and 257d is in possession of a passport as that term is defined in § 176.101 (e) of this chapter, the admitting immigrant inspector shall place an endorsement in such passport showing the date and place of admission, status and section of law under which admitted, date to which admitted, visa application number, and bond if exacted. In classes of cases where fixing a period of time of admission is prohibited by regulations, the term 'duration of existing status' shall be used."

2. The following section is added:

§ 108.9 *Endorsement of passports.* (a) When an alien admitted temporarily to the United States is issued a Form 257a or Form I-94 or when an alien is admitted permanently on presentation of a Form 256a or a permit to reenter the United States, the admitting immigrant inspector shall stamp any passport presented by the alien (as the term passport is defined in § 176.101 (e) of this chapter) to show the word "Admitted" and the date and place of admission: *Provided*, That the provisions of Part 125 of this chapter shall be followed as to the endorsement of passports presented by aliens admitted as students under the provisions of subsection (e) of section 4 of the Immigration Act of 1924 (43 Stat. 155; 8 U. S. C. 204 (e)).

(b) If an alien admitted temporarily to the United States is granted an exten-

Chapter I—Civil Aeronautics Board

[Civil Air Regs., Amdt. 97-1]

PART 97—RULES OF PRACTICE GOVERNING SAFETY CASES ARISING UNDER SECTIONS 602 AND 609 OF THE CIVIL AERONAUTICS ACT OF 1938, AS AMENDED, AND PETITIONS FOR WAIVERS OF CIVIL AIR REGULATIONS

WITHDRAWAL OF COMPLAINT

At a session of the Civil Aeronautics Board held at its office in Washington, D. C., on the 17th day of February 1947.

Effective March 1, 1947, Part 97 of the Civil Air Regulations is amended by adding thereto immediately following § 97.18 a new section numbered § 97.18a as follows:

§ 97.18a *Withdrawal of complaint.* A complaint may be withdrawn by the Administrator of Civil Aeronautics, as plaintiff, at any time prior to the issuance of an initial decision in the proceeding as provided for in §§ 97.22 and 97.23, by filing with the Board an original and two copies of a formal Notice of Withdrawal of Complaint stating the reasons for such action, together with a signed statement that a copy thereof has been mailed to the defendant, and the proceeding shall thereupon be deemed terminated without further action of the Board. (Secs. 205 (a), 1001, 1002, 52 Stat. 984, 1017, 1018, secs. 3, 12, Pub. Law 404, 79th Cong., 60 Stat. 238, 244; 49 U. S. C. 425 (a), 641, 642)

By the Civil Aeronautics Board.

Chapter II—Administrator of Civil Aeronautics, Department of Commerce

PART 525—NOTICE OF CONSTRUCTION OR ALTERATION OF STRUCTURES ON OR NEAR CIVIL AIRWAYS

CONSTRUCTION OF LANDING AREAS

In accordance with the provisions of section 4 of the Administrative Procedure Act (Pub. Law 404, 79th Cong.) and pursuant to the authority vested in me by the Civil Aeronautics Act of 1938, as amended, particularly sections 308 and 1101 of said act (52 Stat. 986, 1026, 54 Stat. 1233; 49 U. S. C. 458, 671), I hereby amend Part 525 of the Regulations of the Administrator of Civil Aeronautics by adding the following new § 525.10, to become effective upon the 31st day after publication hereof in the FEDERAL REGISTER:

§ 525.10 *Construction of landing areas.* Any person who engages in the construction of a landing area, as defined in § 525.3, any boundary of which will be within 5 miles of the nearest boundary of an existing landing area shall give notice thereof to the Administrator of Civil Aeronautics.

Basis and purpose. The construction of a landing area within 5 miles of an existing landing area may constitute a hazard to the navigation of aircraft in air commerce, unless proper notice of such construction is given to all airmen and the traffic pattern for such landing area is coordinated with that of the existing landing area. To accomplish such notice and coordination, the Administrator of Civil Aeronautics must be notified of the construction of any landing area and any boundary of which will be located within 5 miles of an existing landing area.

(52 Stat. 986, 1026, 54 Stat. 1233; 49 U. S. C. 458, 671)

TITLE 16—COMMERCIAL PRACTICES

Chapter I—Federal Trade Commission

[Docket No. 5462]

PART 3—DIGEST OF CEASE AND DESIST ORDERS

CALIFORNIA MARINE CURING & PACKING CO. ET AL.

§ 3.45 (e) *Discriminating in price—Indirect discrimination—Brokerage payments.* In connection with the sale and distribution of sardines, tonno, mackerel, tuna, and other sea-food products in commerce, paying or granting, directly or indirectly, to any buyer, anything of value as a commission or brokerage, or any compensation, allowance, or discount

in lieu thereof, upon purchases made for such buyer's own account; prohibited. (Sec. 2 (c), 48 Stat. 1527; 15 U. S. C., 13 (c)) [Cease and desist order, California Marine Curing & Packing Co. et al., Docket 5462, February 13, 1947]

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 13th day of February A. D. 1947.

In the Matter of California Marine Curing & Packing Co., a Corporation; and Max Joseph Gorby, Individually and as President and Director, Jack Gorby, Individually and as Vice President and Director, and Anna Gorby, Individually and as Secretary-Treasurer and Director, of California Marine Curing & Packing Co.

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission and answer of the respondents, which answer admits all the material allegations of fact set forth in said complaint and waives all intervening procedure and further hearings as to said facts, and the Commission having made its findings as to the facts and its conclusion that said respondents have violated the provisions of subsection (c) of section 2 of an act of Congress entitled, "An Act to supplement existing laws against unlawful restraints and monopolies, and for other purposes," approved October 15, 1914 (the Clayton Act), as amended by an act of Congress approved June 19, 1936 (Robinson-Patman Act):

It is ordered, That the corporate respondent, California Marine Curing & Packing Co., a corporation, and its officers, and the individual respondents, Max Joseph Gorby, Jack Gorby, and Anna Gorby, individually and as officers and directors of the corporate respondent, and their respective agents, representatives, and employees, directly or through any corporate or other device in connection with the sale and distribution of sardines, tonno, mackerel, tuna, and other sea-food products in commerce as "commerce" is defined in the aforesaid Clayton Act, do forthwith cease and desist from:

Paying or granting, directly or indirectly, to any buyer, anything of value as a commission or brokerage, or any compensation, allowance, or discount in lieu thereof, upon purchases made for such buyer's own account.

It is further ordered, That the respondents shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which they have complied with this order.

By the Commission.

TITLE 36—PARKS AND FORESTS

Chapter I—National Park Service, Department of the Interior

PART 2—GENERAL RULES AND REGULATIONS

IMPOUNDING OF ANIMALS

Part 2 is amended by adding a new § 2.64, reading as follows:

§ 2.64 *Impounding of animals.* (a) Livestock and dogs trespassing on any lands of the United States in a National Park Service area may be impounded by the superintendent or custodian in charge and shall be disposed of in accordance with state statutes insofar as the same may be applicable. In the absence of applicable state statutes the animals shall be disposed of in accordance with this section.

(b) If the owner is known, prompt written notice of the impounding will be served upon him, and in the event of his failure to remove the impounded animal within five (5) days from delivery of such notice, it will be sold or otherwise disposed of as hereinafter prescribed.

(c) If the owner is unknown, no sale or other disposition of the animal shall be made until at least fifteen (15) days have elapsed from the date that a notice of the impounding is first published in a newspaper of general circulation in the county in which the trespass occurs and posted at the county courthouse.

(d) Regional directors, superintendents, and custodians are hereby authorized to order the publication of such notices in newspapers by direct transmittal to the publisher of the standard form of advertising order approved by the Comptroller General.

(e) The notice shall state when and where the animal was impounded; shall describe it by brand or earmark, or both, or, in the absence of such distinguishing marks, by such other means as are necessary reasonably to identify such animal; shall specify the time and place it will be offered at public sale to the highest bidder in default of redemption by the owner on or before that date; and shall reserve the right of the official conducting the sale to reject any and all bids so received.

(f) Prior to such sale, the owner may redeem the animal by submitting proof of ownership and paying all expenses of the United States for capturing, advertising, pasturing, feeding, and impounding, and the amount of damage to any National Park Service property injured or destroyed by or through such trespass. Upon the sale of any animal in accordance with this regulation, the regional director, superintendent, or custodian shall issue a certificate of sale.

(g) If an animal impounded under this section is offered at public sale and no bid is received or if the highest bid received is in an amount less than the amount of the claim of the United States or of the officer's appraised value of the animal, whichever is the lesser amount, such animal may, in the discretion of the superintendent or custodian be sold at private sale for the highest amount obtainable, or be condemned and destroyed

or converted to the use of the United States if of value for that purpose.

(h) In determining the claim of the Government in all livestock trespasses on National Park Service areas, the value of forage consumed shall be computed at the daily, weekly, monthly, or yearly commercial rates prevailing in the locality for the class of livestock found in trespass. In addition, the claim shall include damages to National Park Service property injured or destroyed by trespassing livestock and dogs, the expenses incurred in impounding, sale, or other disposition of such animals, and the pro rata salary of Service employees for the time spent and the expenses incurred in and about the investigations, reports, and settlement or prosecution of the case.

(i) When the amount received in the sale of the animal either at auction or private sale, or when the appraised value of the animal in case it is converted to the use of the Government, is insufficient to meet the amount of the Government's claim, or when it is necessary to destroy the impounded animal without benefit to the Government, the facts shall be fully reported to the Director for appropriate action to obtain full satisfaction of the Government's claim. (Secs. 1 and 3, 39 Stat. 535, 16 U. S. C. 1, 3)

Issued this 21st day of February 1947.

TITLE 49—TRANSPORTATION AND RAILROADS

Chapter I—Interstate Commerce Commission

[Docket No. 3666]

PARTS 71-85—EXPLOSIVES AND OTHER DANGEROUS ARTICLES

MISCELLANEOUS AMENDMENTS

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 24th day of February A. D. 1947.

It appearing that pursuant to section 233 of the Transportation of Explosives Act approved March 4, 1921 (41 Stat. 1445), and Part II of the Interstate Commerce Act, the Commission has formulated and published certain regulations for transportation of explosives and other dangerous articles:

It further appearing, that in applications received we are asked to amend the aforesaid regulations as set forth in provisions made part hereof;

It is ordered, That the aforesaid regulations for transportation of explosives and other dangerous articles be, and are hereby, amended as follows:

PART 2—LIST OF EXPLOSIVES AND OTHER DANGEROUS ARTICLES

Superseding and amending commodity list, section 4, order August 16, 1940, as follows:

tank motor vehicles), order October 14, 1943, to read as follows:

(b) (2) For repairs to forge-welded tanks of ICC-105A series, or fusion-welded tanks of ICC-W classes, or equip-

ment therefor, requiring welding, the owner of the tank, or party authorized by the owner, must secure approval of such repairs from the Association of American Railroads' committee on tank cars. Fusion welds for repairs must be performed, inspected, and tested in the manner described by currently effective specification for the class of tank concerned, or the specification under which the tank was originally constructed. X-raying and stress relieving are required and must be done in an approved manner. Caulking of welded points is prohibited. Tanks must be retested, as prescribed in section 31 (f), before being returned to service. For repairs to forge-welded tanks of ICC-105A series, or fusion-welded tanks of ICC-W classes involving hot or cold working of the shell to restore contours as near as practicable to original design and construction, the owner of the tank or party authorized by the owner, must render a detailed report of such repairs to the Secretary, Mechanical Division, Association of American Railroads.

2. Superseding and amending paragraph (h) (3), section 62 (*Packing and weight fulminate of mercury, wet*), order August 16, 1940, to read as follows:

(h) (3) Spec. 5 or 5B, metal barrels or drums, Spec. 17H metal drums (single-trip), or Spec. 10B, wooden barrels or kegs, with inside container which must be:

3. Superseding and amending paragraph (m) (3), section 62 (*Packing and weight nitrosoguanidine, wet*), order August 16, 1940, to read as follows:

(m) (3) Spec. 5 or 5B, metal barrels or drums, Spec. 17H metal drums (single-trip), or Spec. 10B, wooden barrels or kegs, with inside container which must be:

4. Superseding and amending paragraph (b) (4), section 110 (*Inflammable liquid with flash point above 20° to 80° F.*), order August 16, 1940, to read as follows:

(b) (4) Spec. 17E, or 17H. Metal drums (single-trip).

5. Superseding and amending paragraph (d) (11), section 110 (*Viscous inflammable liquids*), order June 29, 1945, to read as follows:

(d) (11) Spec. 17E, or 17H. Metal drums (single-trip).

6. Superseding and amending paragraph (c), section 117 (*Rubber cement*), order October 28, 1942, to read as follows:

(c) Spec. 17E, or 17H. Metal drums (single-trip).

7. Superseding and amending paragraph (b), section 153 (*Inflammable solids and oxidizing materials*), order November 4, 1946, to read as follows:

(b) Liquid or solid organic peroxides, except hydrogen peroxide (see section 244 (a)), acetyl benzoyl peroxide, and benzoyl peroxide, in an inside container not over 1 pint or 1 pound capacity, not more than one such container in an out-

side package, securely packed with incombustible cushioning in strong outside container, are exempt from specification packaging, marking and labeling requirements unless otherwise provided, for transportation by rail freight, rail express or highway. When for transportation by carrier by water they are exempt from specification packaging, marking other than name of contents, and labeling requirements.

8. Superseding and amending paragraph (e), section 156 (*Packing barium peroxide*), order August 16, 1940, to read as follows:

(e) Spec. 17E, 17H, or 37D. Metal drums (single-trip).

9. Superseding and amending paragraph (c), section 160 (*Packing calcium chlorite and sodium chlorite*), order August 16, 1940, to read as follows:

(c) Spec. 6A, 6B, or 6C. Metal barrels or drums.

(d) Spec. 17E, 17H, or 37D. Metal drums (single-trip).

10. Superseding and amending section 160A, order January 25, 1945, to read as follows:

(a) Calcium hypochlorite compounds, dry, containing more than 8.80 percent available oxygen (39 percent available chlorine) must be packed in specification containers as follows:

(b) Spec. 6A, 6B, or 6C. Metal barrels or drums.

(c) Spec. 17E, 17H, 37D, 37E, or 37F. Metal drums (single-trip).

(d) Outside packages containing inside containers of glass or metal not over five pounds capacity each are exempt from these regulations.

11. Superseding and amending paragraph (c), section 163 (*Packing chlorate of soda, chlorate of potash, and other chlorates*), order August 16, 1940, to read as follows:

(c) Spec. 17E, 17H, 37D, 37E, or 37F. Metal drums (single-trip).

12. Superseding and amending paragraph (c), section 164 (*Packing chromic acid*), order August 16, 1940, to read as follows:

(c) Spec. 17E, 17H, 37D, or 37E. Metal drums (single-trip).

13. Superseding and amending paragraph (c), section 166 (*Packing cobalt resinate, precipitated, calcium resinate, and calcium resinate fused*), order August 16, 1940, to read as follows:

(c) Spec. 17E, 17H, 37D, 37E, 37F, or 37G. Metal drums (single-trip).

14. Superseding and amending paragraph (c), section 173 (*Packing inflammable solids and oxidizing materials etc.*), order August 16, 1940, to read as follows:

(c) Spec. 17E, 17H, 37D, 37E, or 37F. Metal drums (single-trip).

15. Superseding and amending paragraph (d), section 175 (*Packing lacquer base, or lacquer chips, dry*), order August 16, 1940, to read as follows:

(d) Spec. 17E, 17H, or 37D. Metal drums (single-trip).

16. Superseding and amending paragraph (f), section 184 (*Packing nitrocellulose or collodion cotton, wet, etc.*), order August 16, 1940, to read as follows:

(f) Spec. 17E, or 17H. Metal drums (single-trip).

17. Superseding and amending paragraph (d), section 187 (*Packing peroxide of sodium*), order August 16, 1940, to read as follows:

(d) Spec. 17E, 17H, or 37D. Metal drums (single-trip).

18. Superseding and amending paragraph (d), section 188 (*Packing phosphoric anhydride*), order August 16, 1940, to read as follows:

(d) Spec. 17E, 17H, or 37D. Metal drums (single-trip).

19. Superseding and amending paragraph (d), section 204 (*Packing sodium hydrosulfite*), order August 16, 1940, to read as follows:

(d) Spec. 17E, 17H, 37D, 37E, or 37F. Metal drums (single-trip).

20. Superseding and amending paragraph (a) (1), section 206 (*Packing sodium or potassium, metallic, etc.*), order November 4, 1946, to read as follows:

(a) (1) Sodium or potassium, metallic, lithium hydride, lithium silicon, must be packed in specification containers as follows:

21. Superseding and amending paragraph (a) (4), section 206 (*Packing sodium or potassium, metallic, etc.*), order August 16, 1940, to read as follows:

(a) (4) Spec. 17E, 17H, or 37D. Metal drums (single-trip) authorized only for sodium which must be fused solid in the container.

22. Superseding and amending paragraph (b) (4), section 207 (*Packing sulfide of sodium or sulfide of potassium, fused or concentrated, when ground*), order August 16, 1940, to read as follows:

(b) (4) Spec. 17E, 17H, 37D, 37E, 37F, or 37G. Metal drums (single-trip).

23. Superseding and amending paragraph (c), section 213A (*Packing zinc ammonium nitrite*), order August 16, 1940, to read as follows:

(c) Spec. 17E, 17H, or 37D. Metal drums (single-trip). Gross weight not over 300 pounds.

24. Superseding and amending paragraph (b), section 242 (*Packing bottles containing acid or other corrosive liquids, etc.*), order August 16, 1940, to read as follows:

(b) When bottles containing acid or other corrosive liquids are cushioned by incombustible absorbent material and securely packed in tightly closed metal containers, except hydrofluoric acid which must be packed in a container other than a metal container, they may be packed with other articles. This exception does not apply to nitric or perchloric acids, or hydrogen peroxide exceeding 52 percent strength by weight,

which must not be packed in the same outside container with any other article under any circumstances.

25. Amending section 245, order August 16, 1940, as follows (add):

(u) Hydrogen peroxide over 52 percent strength by weight.

26. Superseding and amending paragraph (d), section 247 (*Packing acetyl chloride, antimony pentachloride, benzoyl chloride, etc.*), order August 16, 1940, to read as follows:

(d) *Spec. 1A, 1C, or 1D.* Glass carboys in boxes or kegs (not permitted for tin tetrachloride, anhydrous).

27. Superseding and amending paragraph (b), section 248 (*Packing acid sludge, sludge acid, spent sulfuric acid, or spent mixed acid*), order August 16, 1940, to read as follows:

(b) *Spec. 1A, or 1D.* Boxed carboys. (For spent sulfuric acid only.)

28. Amending section 249, order August 16, 1940, as follows: (*Alkaline corrosive liquids, n. o. s., etc.*) (add):

(d) (1) *Spec. 17E, or 17H.* Metal drums (single trip). Authorized only for liquid boiler compounds or liquid water treatment compounds.

29. Superseding and amending paragraph (c), section 254A (*Packing chromic acid solution*), order March 31, 1941, to read as follows:

(c) *Spec. 17E, or 17H.* Metal drums (single-trip) not over 5 gallons capacity.

30. Amending section 255 (*Packing dimethyl sulfate*), order August 16, 1940, as follows (add):

(e) *Spec. 103A.* Tank cars.

31. Superseding and amending paragraph (c) section 260A (*Packing ethyl chloroformate and methyl chloroformate*), order April 19, 1946, to read as follows:

(c) *Spec. 1A.* Boxed carboys. Glass bottles having nominal capacity of 3 gallons also authorized when packed and tested in accordance with requirements of *Spec. 1A*; necks must be protected during shipment.

32. Superseding and amending paragraph (b) section 262 (*Packing hydrobromic acid*), order August 16, 1940, to read as follows:

(b) *Spec. 1A, 1C, or 1D.* Carboys in boxes, barrels or kegs.

33. Superseding and amending paragraph (c) (2), section 265 (*Packing hydrofluosilicic acid*), order August 16, 1940, to read as follows:

(c) (2) *Spec. 1A, 1C, or 1D.* Carboys, boxed or in kegs, for which the use of rubber stoppers and gaskets is also authorized.

34. Superseding and amending all of section 266 (*Packing hydrogen peroxide, etc.*), orders August 16, 1940, November 8, 1941, October 28, 1942, and January 23, 1946, to read as follows:

266 (a) (1) Hydrogen peroxide containing over 52 percent H_2O_2 strength by

weight must be packed in specification containers as follows:

(a) (2) *Spec. 15A, 15B, 15C, 16A, or 19A.* Wooden boxes with inside containers consisting of glass bottles not over 1 quart capacity each; bottles must have vented closure and must be packed in a metal container vented at bottom packed in another metal container vented at top; cushioning material shall be used between glass bottle and inner container and between inner and outer metal containers; cushioning material shall be vermiculite or equivalent in an amount at least 10 times the volume of the hydrogen peroxide shipped and shall be wet with at least 10 percent water by volume to which has been added a stabilizing agent.

(a) (3) *Spec. 42D.* Aluminum drums with vented closure in top head; not over 30 gallons capacity; side openings not permitted. Closure must be sealed to prevent removal in transit and top head plainly marked "Keep This End Up" or "Keep Plug Up To Prevent Spillage". For shipments other than carload or truckload lots loaded by consignor and unloaded by consignee drums must be of design and venting arrangement approved by the Bureau of Explosives.

(b) (1) Hydrogen peroxide containing not over 52 percent H_2O_2 strength by weight may also be packed in specification containers as follows:

(b) (2) *Spec. 15A, 15B, 15C, 16A, or 19A.* Wooden boxes with glass or earthenware inside containers of not more than 1 gallon capacity each. Inside containers must be well cushioned. All material used for cushioning must be incombustible mineral matter, such as whiting, mineral wool, infusorial earth, asbestos, or sifted ashes. Cushioning of inside containers in outside wooden boxes by means of elastic packing, such as wooden strips or large corks fastened securely in position, is authorized if the completed package will pass the swing test prescribed for boxed carboys in *spec. 1A*.

(b) (3) *Spec. 34B.* Aluminum carboys.

(b) (4) *Spec. 42D.* Aluminum drums with vented closure in top head; not over 30 gallons capacity. Closure must be sealed to prevent removal in transit and top head plainly marked "Keep This End Up" or "Keep Plug Up To Prevent Spillage." Aluminum drums already in service for the transportation of this material, manufactured prior to April 24, 1934, and of at least equal strength and efficiency thereto, may be continued in use until further order of the Commission.

(b) (5) *Spec. 42E.* Aluminum drums (single-trip).

(c) (1) Hydrogen peroxide containing over 8 percent H_2O_2 strength by weight and not exceeding 37 percent may also be packed in specification containers as follows:

(c) (2) *Spec. 1A.* Glass carboys. The cushioning must be incombustible mineral material, elastic wooden-strip packing, or large elastic cushions such as corks fastened securely in position. The use of hay, excelsior, ground cork, or similar material, whether treated or untreated, is prohibited. The carboy stoppers must be vented so as to prevent

accumulation of internal pressure; use of cork gasket impregnated with paraffin is authorized.

(c) (3) *Spec. 1X.* Boxed carboys of 5 to 6 gallon capacity; single-trip for export only. For shipment via common carriers by water to noncontiguous territories or possessions of the United States and foreign countries; shipments from inland points in the United States which are consigned to such destinations are authorized to be transported to ship side by rail freight in carload lots only and by motor vehicle in truckload lots only.

(c) (4) *Spec. 1D.* Boxed glass carboys of not over 6.5 gallons nominal capacity. Means shall be provided so that accumulated pressure in bottle shall not exceed 10 pounds per square inch gauge at 130° F., or shall vent at a pressure not to exceed 10 pounds per square inch gauge. The cushioning must be incombustible mineral material, elastic wood-strip packing, or large elastic cushions such as corks fastened securely in position. The use of hay, excelsior, ground cork, or similar material, whether treated or untreated, is prohibited.

(d) (1) Hydrogen peroxide containing over 8 percent H_2O_2 strength by weight and not exceeding 10 percent may also be packed in specification containers as follows:

(d) (2) *Spec. 10A.* Wooden barrels, paraffin-lined.

(e) (1) Hydrogen peroxide not exceeding 52 percent H_2O_2 strength by weight, not subject to these regulations when shipped in tank cars or tank motor vehicles.

(e) (2) Hydrogen peroxide exceeding 52 percent H_2O_2 strength by weight may also be shipped in tank cars or tank motor vehicles subject to these regulations provided that such shipments are for ultimate use by the War or Navy Departments of the United States Government. Tank cars and tank motor vehicles must be of design and venting arrangement approved by the Bureau of Explosives.

35. Amending section 267 (*Packing mixed acid (nitric and sulfuric acid) nitrating acid*), order August 16, 1940, as follows (add):

(a) (6) (b) *Spec. 1D.* Boxed glass carboys of not over 6.5 gallons nominal capacity; authorized only for mixed nitric and sulfuric acid, containing not over 17 percent nitric acid and containing at least 33 percent water; means shall be provided so that accumulated pressure in bottle shall not exceed 10 pounds per square inch gauge at 103° F., or shall vent at a pressure not to exceed 10 pounds per square inch gauge. Cushioning must be incombustible mineral material, elastic wood-strip packing, or large elastic cushions such as cork, fastened securely in position. The use of hay, excelsior, ground cork, or similar material, whether treated or untreated, is prohibited.

36. Superseding and amending paragraph (c), section 269 (*Packing perchloric acid, etc.*), order August 16, 1940, to read as follows:

(c) *Spec. 1A, 1C, or 1D.* Carboys, boxed or in kegs.

37. Superseding and amending paragraph (d) (1), section 302 (*Refrigerating machines, etc.*), order January 23, 1946, to read as follows:

(d) (1) Refrigerating machines of the self-contained type containing not over 50 pounds of gas, refrigerating machines of the remote-control type consisting of separate units shipped separately and each containing not over 25 pounds weight of gas, or other similar apparatus assembled for shipment containing not over 15 pounds weight of gas or liquid for their operation, under the following conditions:

38. Superseding and amending paragraph (n) (2), section 303 (*Liquefied petroleum gas*), order December 31, 1946, to read as follows:

(n) (2) *Spec. 3, 3A, 3B, 3E, 4, 4A, 4B, 4B240X, 4B240FLW, 25, 26, or 38.* Cylinders authorized under sec. 303 (p) (2) to 303 (p) (6) may be used.

NOTE: Because of the present emergency and until further order of the Commission, non-ICC specification containers used for liquefied petroleum gases prior to June 15, 1943, under laws, rules, or regulations of the States in which they are located, and so long as they are maintained in safe transportation condition, are authorized for use in the transportation of those gases by common, contract, or private carrier by motor vehicle, in intrastate commerce only, within those States. All other requirements of the Commission for such transportation must be complied with. This authority does not apply to cargo tanks of tank motor vehicles.

39. Amending paragraph (p), section 303 (*Qualification and maintenance of cylinders*), order August 16, 1940, as follows (add):

(p) (1) (k) For ICC-40 cylinders the service pressure is 200 pounds.

*40. Amending paragraph (p) (14), section 303 order August 16, 1940, to read as follows (add):

(p) (14) (n) Cylinders made in compliance with specification ICC-4B used exclusively in non-corrosive gas service and protected externally by suitable corrosion resisting coatings, (such as galvanizing, painting, etc.), may be retested decennially instead of quinquennially, or, such cylinders may be subjected to an internal hydrostatic pressure equal to at least 2 times the marked service pressure without determination of expansions (see note), but this type of test must be repeated quinquennially after expiration of the first ten-year period. When subjected to this latter test cylinders must be carefully examined under test pressure and removed from service if leaks or other harmful defects exist. All tests must be supplemented by a very careful examination of the cylinder at each filling, and must be rejected if evidence is found of bad dents, corroded areas, a leak or other conditions that indicate possible weakness which would render the cylinder unfit for service.

NOTE: Cylinders tested by the modified hydrostatic method shall be marked after each retest with the date of test as otherwise required but followed by the symbol S; for example, 8-46S indicating retest by the modified method in August, 1946.

41. Amending paragraph (q) (1) table, section 303 (*Compressed gases in tank cars and motor vehicles*), order August 16, 1940, as follows (add):

Name of gas	Maximum permitted filling density (see note 1)	Required type of tank car, note 2
Argon.....	Note 5	ICC-107A.
Nitrosyl chloride....	124	ICC-105A300W. Note 17.

NOTE 17: Before an ICC-105A300W tank car may be used for the transportation of nitrosyl chloride, the following requirements must be met: Tanks must be made of or clad with a metal not subject to rapid deterioration by the lading; all appurtenances, such as manhole covers, venting, loading and discharge valves, safety valves, check valves, and eduction pipes, must be made of metal not subject to rapid deterioration by the lading; cork must be used as an insulating material.

42. Superseding and amending paragraph (q) (1) note 16, section 303 (*Compressed gases in tank cars and motor vehicles*), order August 22, 1945, to read as follows:

NOTE 16: All parts of valves and safety devices in contact with contents of tank must be of a metal or other material suitably treated if necessary, which will not cause formation of any acetylides.

43. Superseding and amending paragraph (q) (1) note 7, section 303 (*Compressed gases in tank cars and motor vehicles*), order November 4, 1946, to read as follows:

NOTE 7: Before any ICC-107A tank car may be used for shipments of hydrogen or non-liquefied hydrocarbon gas the following requirements must be met: Each tank must be equipped with one or more safety devices of approved type and discharge area, the discharge outlet of each safety device must be connected to a manifold having an unobstructed discharge area of at least one and one-half times the total discharge area of the safety devices connected to the manifold; all manifolds must be connected to a single common header having an unobstructed discharge outlet pointing upward and extending above top of the car; the header and the header outlet must each have an unobstructed discharge area at least equal to the total discharge area of the manifolds connected to the header; the header outlet must be equipped with an approved ignition device which will instantly ignite any hydrogen or nonliquefied hydrocarbon gas discharged through the safety devices.

44. Amending section 354 (*Arsenical compounds n. o. s., arsenate of lead, calcium arsenate, etc.*), order August 16, 1940, as follows (add):

(e) (1) Arsenical compounds n. o. s. containing not more than 6 percent arsenic of which not more than 0.25 percent is water soluble must be packed in specification containers as follows:

(e) (2) As prescribed in sections 354 (b), (c), or (d).

(e) (3) *Spec. 44B.* Paper bags with two added inside thicknesses of No. 1 Kraft paper, one sheet having a Mullen test of 50 and the other sheet having a

Mullen test of 40. Net weight not over 50 pounds each.

(f) Multi-wall paper bags having combined strength of 360 pounds, Mullen or Cady test, or equivalent, are authorized, upon demonstration and proof of satisfactory tests to representative of the Bureau of Explosives. Bags so approved must be marked "ICC-44BX."

45. Superseding and amending paragraph (f), section 356 (*Packing carbolic acid (phenol), not liquid*), order August 16, 1940, to read as follows:

(f) *Spec. 17E, or 17H.* Metal drums (single-trip). Net weight not over 450 pounds.

46. Superseding and amending paragraph (c) (1), section 361 (*Packing poisonous solids as defined in section 350, etc.*), order August 16, 1940, to read as follows:

(c) (1) *Spec. 17E, 17H, or 37D.* Metal drums (single-trip). Gross weight not over 300 pounds.

APPENDIX TO PART 3—SHIPPING CONTAINER SPECIFICATIONS

1. Superseding and amending paragraph 4, *Spec. 1A (Capacity and marking of carboys)*, order August 16, 1940, to read as follows:

4. *Capacity and marking of carboy.* Containers 5 to 13 gallons are classed as carboys; glass bottles having nominal capacity of 3 gallons also authorized when boxed in accordance with the requirements for carboys having 5 gallon capacity. Must be permanently marked to indicate maker and year of manufacture; mark of maker to be registered with the Bureau of Explosives.

2. Amending *Spec. 3B*, order August 16, 1940, as follows (add):

23. Acceptance not authorized under paragraph 23.

3. Amending *Spec. 3BN*, order August 16, 1940, as follows (add):

23. Acceptance not authorized under paragraph 23.

4. Amending *Spec. 3C*, order August 16, 1940, as follows (add):

23. Acceptance not authorized under paragraph 23.

5. Amending *Spec. 3D*, order August 16, 1940, as follows (add):

23. Acceptance not authorized under paragraph 23.

6. Amending *Spec. 3E*, order August 16, 1940, as follows (add):

23. Acceptance not authorized under paragraph 23.

7. Amending *Spec. 4*, order August 16, 1940, as follows (add):

23. Acceptance not authorized under paragraph 23.

8. Amending *Spec. 4A*, order August 16, 1940, as follows (add):

23. Acceptance not authorized under paragraph 23.

9. Amending Spec. 4C, order August 16, 1940, as follows (add):

23. Acceptance not authorized under paragraph 23.

10. Superseding and amending paragraph 2, Spec. 5A (*Rated capacity*), order August 16, 1940, to read as follows:

2. *Rated capacity as marked, see paragraph 11 (c).* Actual capacity of straight-sided containers shall be not less than rated (marked) capacity plus 2 percent, nor greater than rated capacity plus 2 percent plus 1 quart, except that for containers over 30 gallons marked capacity actual capacity shall be not less than rated capacity plus 2 percent, nor greater than rated capacity plus 2 percent plus 1 gallon; actual capacity of bilge-type containers must be not less than rated capacity, nor greater than rated capacity plus 2 percent plus 1 gallon.

11. Superseding and amending paragraph 9 (b), Spec. 5A (*Closures*), order August 16, 1940, to read as follows:

(b) *Closing part (plug, cap, plate, etc.) must be of metal as thick as prescribed for head of container; this not required for containers of 12 gallons or less when the opening to be closed is not over 2.3 inches in diameter. If unthreaded cap is used it must be provided with outside sealing devices which cannot be removed without destroying the cap or sealing device.

12. Superseding and amending paragraph 14, Spec. 5A (*Leakage test*), order August 16, 1940, to read as follows:

14. *Leakage test.* Each container shall be tested, with seams under water or covered with soapsuds or heavy oil, by interior air pressure of at least 15 pounds per square inch. Equally efficient means of testing are authorized upon demonstration and proof of satisfactory tests to representative of Bureau of Explosives. Leakers shall be rejected or repaired and retested.

13. Superseding and amending paragraph 14, Spec. 5 (*Leakage test*), order April 13, 1943, to read as follows:

14. *Leakage test.* Each container shall be tested, with seams under water or covered with soapsuds or heavy oil, by interior air pressure of at least 15 pounds per square inch. Equally efficient means of testing are authorized upon demonstration and proof of satisfactory tests to representative of Bureau of Explosives. Leakers shall be rejected or repaired and retested. Removable head containers not required to be tested with heads in place except that samples taken at random and closed as for use, of each type and size, must be tested at start of production and repeated every four months. Samples so tested must be retained until further tests are made.

14. Superseding and amending paragraph 14, Spec. 5B (*Leakage test*), order April 13, 1943, to read as follows:

14. *Leakage test.* Each container shall be tested, with seams under water or

covered with soapsuds or heavy oil, by interior air pressure of at least 15 pounds per square inch. Equally efficient means of testing are authorized upon demonstration and proof of satisfactory tests to representative of Bureau of Explosives. Leakers shall be rejected or repaired and retested. Removable head containers not required to be tested with heads in place except that samples taken at random and closed as for use, of each type and size, must be tested at start of production and repeated every four months. Samples so tested must be retained until further tests are made.

15. Superseding and amending paragraph 14, Spec. 5D (*Leakage test*), order January 23, 1946, to read as follows:

14. *Leakage test.* Each container shall be tested, with seams under water or covered with soapsuds or heavy oil, by interior air pressure of at least 15 pounds per square inch. Equally efficient means of testing are authorized upon demonstration and proof of satisfactory tests to representative of Bureau of Explosives. Leakers shall be rejected or repaired and retested. Removable head containers not required to be tested with heads in place except that samples taken at random and closed as for use, of each type and size, must be tested at start of production and repeated every four months. Samples so tested must be retained until further tests are made.

16. Superseding and amending paragraph 14, Spec. 5F (*Leakage test*), order August 16, 1940, to read as follows:

14. *Leakage test.* Each container shall be tested, with seams under water or covered with soapsuds or heavy oil, by interior air pressure of at least 100 pounds per square inch. Equally efficient means of testing are authorized upon demonstration and proof of satisfactory tests to representative of Bureau of Explosives. Leakers shall be rejected or repaired and retested.

17. Superseding and amending paragraph 14, Spec. 5L (*Leakage test*), order July 14, 1942, to read as follows:

14. *Leakage test.* Each container shall be tested, with seams under water or covered with soapsuds or heavy oil, by interior air pressure of at least 5 pounds per square inch. Equally efficient means of testing are authorized upon demonstration and proof of satisfactory tests to representative of Bureau of Explosives. Leakers shall be rejected or repaired and retested.

18. Superseding and amending paragraph 14, Spec. 6A (*Leakage test*), order April 13, 1943, to read as follows:

14. *Leakage test.* Each container shall be tested, with seams under water or covered with soapsuds or heavy oil, by interior air pressure of at least 15 pounds per square inch. Equally efficient means of testing are authorized upon demonstration and proof of satisfactory tests to representative of Bureau of Explosives. Leakers shall be rejected or repaired and retested. Removable head containers not required to be tested with heads in place except that samples taken at ran-

dom and closed as for use, of each type and size, must be tested at start of production and repeated every four months. Samples so tested, must be retained until further tests are made.

19. Superseding and amending paragraph 14, Spec. 6B (*Leakage test*), order April 13, 1943, to read as follows:

14. *Leakage test.* Each container shall be tested, with seams under water or covered with soapsuds or heavy oil, by interior air pressure of at least 15 pounds per square inch. Equally efficient means of testing are authorized upon demonstration and proof of satisfactory tests to representatives of Bureau of Explosives. Leakers shall be rejected or repaired and retested. Removable head containers not required to be tested with heads in place except that samples taken at random and closed as for use, of each type and size, must be tested at start of production and repeated every four months. Samples so tested must be retained until further tests are made.

20. Superseding and amending paragraph 14, Spec. 6C (*Leakage test*), order April 13, 1943, to read as follows:

14. *Leakage test.* Each container shall be tested, with seams under water or covered with soapsuds or heavy oil, by interior air pressure of at least 15 pounds per square inch. Equally efficient means of testing are authorized upon demonstration and proof of satisfactory tests to representative of Bureau of Explosives. Leakers shall be rejected or repaired and retested. Removable head containers not required to be tested with heads in place except that samples taken at random and closed as for use, of each type and size, must be tested at start of production and repeated every four months. Samples so tested must be retained until further tests are made.

21. Superseding and amending paragraph 4, Spec. 15D (*Handles*), order April 19, 1946, to read as follows:

4. *Handles.* Containers may be provided with suitable handles at discretion of shipper. Handles must be of dimensions specified herein, consisting of horizontal strips or cleats extending across top of each side or each end; handles which do not project 3 inches beyond the vertical edges of the container must be mounted to leave at least $\frac{7}{16}$ inch open space between handle and box, or be at least $\frac{3}{4}$ inch thick, or be of cross section at least equal to cleats required for single-cleated boxes of corresponding size and gross weight. Extension of cleats or side boards is acceptable for projecting handles.

Authorized gross weight, maximum (pounds):	Handles, minimum cross section (inches)
100	$\frac{1}{2}$ x $1\frac{1}{4}$
150	$\frac{1}{2}$ x $2\frac{1}{4}$
200	$\frac{3}{4}$ x $2\frac{1}{4}$
300	$\frac{3}{4}$ x $3\frac{1}{4}$
400	$1\frac{1}{16}$ x $3\frac{1}{4}$

22. Superseding and amending paragraph 6 (b), Spec. 16B (*Handles*), order August 16, 1940, to read as follows:

6. (b) *Handles.* Containers may be provided with suitable handles at discre-

tion of shipper. When used, they must be securely fastened along tops of sides under wires and project 3 inches or be mounted on end cleats; extensions of side boards acceptable; dimensions as follows:

Authorized gross weight, not over (pounds):	Handles minimum cross section* (inches)
150.....	$\frac{1}{2} \times 2\frac{1}{2}$
200.....	$\frac{5}{8} \times 2\frac{1}{2}$
315.....	$\frac{5}{8} \times 3\frac{1}{2}$
400.....	$1\frac{1}{8} \times 3\frac{1}{2}$

*Also ridge reinforcing battens when prescribed.

23. Superseding and amending paragraph 14, Spec. 17C (*Leakage test*), order April 13, 1943, to read as follows:

14. *Leakage test.* Each container shall be tested, with seams under water or covered with soapsuds or heavy oil, by interior air pressure of at least 15 pounds per square inch. Equally efficient means of testing are authorized upon demonstration and proof of satisfactory tests to representatives of Bureau of Explosives. Leakers shall be rejected or repaired and retested. Removal head containers not required to be tested with heads in place except that samples taken at random and closed as for use, of each type and size, must be tested at start of production and repeated every four months. Samples so tested must be retained until further tests are made.

24. Superseding and amending Spec. 17E, order August 16, 1940, to read as follows:

(Cancel): Removal head containers which will pass all required tests are authorized.

(Add): Removable head containers not authorized.

25. Superseding and amending part of paragraph 7, Spec. 17E (*Parts and dimensions*), order August 16, 1940, to read as follows:

(Cancel): *20 gauge authorized for containers not of the full open head type.

(Add): *20 gauge authorized.

26. Superseding and amending paragraph 9 (c), Spec. 17E (*Closures*), order August 16, 1940, to read as follows:

(c) For closure with threaded plug or cap, the seat (flange, etc.) for plug, or cap, must have 3 or more complete threads; two drainage holes of not over $\frac{5}{16}$ inch diameter are allowed. Plug, or cap, must have sufficient length of thread to engage 3 threads when screwed home with gasket in place. *Provided*, That for containers having a capacity of 12 gallons and less the seat (flange, etc.) for plug, or cap, must have two or more complete threads and plug, or cap, must have sufficient length of thread to engage two threads when screwed home with gasket in place.

27. Superseding and amending paragraph 14, Spec. 17E (*Leakage test*), order April 13, 1943, to read as follows:

14. *Leakage test.* Each container shall be tested, with seams under water or covered with soapsuds or heavy oil, by interior air pressure of at least 7 pounds per square inch for containers over 12 gallons capacity and at least 5 pounds for others. Equally efficient means of testing are authorized upon demonstration and proof of satisfactory tests to representative of Bureau of Explosives. Leakers shall be rejected or repaired and retested.

28. Amending order August 16, 1940, as follows (add):

SPECIFICATION 17H—STEEL DRUMS

Single Trip Container (Removable Head)

Containers must comply with specification 5A except as follows (paragraph references are to specification 5A):

5. (b) and (c) and 6. These paragraphs do not apply.

7. *Parts and dimensions.* As follows:

Marked capacity not over (gallons)	Type of container	Minimum thickness in the black (gauge U. S. standard)			Rolling hoops		
		Body sheet	Bottom head sheet	Removable head sheet	Type	Minimum	
						Size (gauge or inch)	Weight (pounds per foot)
5	St. side.....	24	24	20	None		
30	do.....	18	18	18	(1)		
55	do.....	18	18	*14	(2)		

¹ Rolled or swaged in hoops.

² Each drum must have three rolled or swaged in hoops, one to be placed in the body near the top curl.

*16 gauge authorized provided there are one or more additional hoops in the body near top curl, and provided there are one or more corrugations in the cover near the periphery.

8. *Convex heads.* Convex (crowned) heads, not extending beyond level of chime, required for drums of 25 gallons capacity or over; minimum convexity of $\frac{3}{8}$ inch required.

9. (a) *Closures.* Adequate to prevent leakage; gaskets required.

9. (b) Drums over 5 gallons capacity must be closed by means of 12 gage bolted ring with drop forged lugs, one of which is threaded, and having $\frac{5}{8}$ inch bolt and nut. 5 gallon drums must be of lug type closure with cover having at least 16 lugs. Equally efficient types of closures are authorized upon demonstra-

tion and proof of satisfactory tests to representative of Bureau of Explosives.

9. (c) For closure with threaded plug or cap, the seat (flange, etc.) for plug, or cap, must have 3 or more complete threads; two drainage holes of not over $\frac{5}{16}$ inch diameter are allowed. Plug, or cap, must have sufficient length of thread to engage 3 threads when screwed home with gasket in place. *Provided*, That for containers having a capacity of 12 gallons and less the seat (flange, etc.) for plug, or cap, must have two or more complete threads and plug,

or cap, must have sufficient length of thread to engage two threads when screwed home with gasket in place.

9. (d) and (e) These paragraphs do not apply.

11. (a) *ICC-17H.* This mark shall be understood to certify that the container complies with all specification requirements. The letter STC, located just below or above the ICC mark to indicate "single trip container."

13. (a) Test by dropping, filled with water to 98 percent capacity, from height of 4 feet onto solid concrete so as to strike diagonally on chime, or when without chime seam, to strike on other circumferential seam; also additional drop test on any other parts which might be considered weaker than the chime. Closing devices and other parts projecting beyond chime or rolling hoops must also be capable of withstanding this test.

13. (b) Hydrostatic pressure test of 15 pounds per square inch sustained for 5 minutes.

14. *Leakage test.* Each container shall be tested, with seams under water or covered with soapsuds or heavy oil, by interior air pressure of at least 7 pounds per square inch for containers over 12 gallons capacity and at least 5 pounds for others. Equally efficient means of testing are authorized upon demonstration and proof of satisfactory tests to representative of Bureau of Explosives. Leakers shall be rejected or repaired and retested. Containers not required to be tested with heads in place except that samples taken at random and closed as for use, of each type and size, must be tested at start of production and repeated every four months. Samples so tested must be retained until further tests are made.

29. Superseding and amending paragraph 13, Spec. 17X (*Leakage test*), order March 31, 1941, to read as follows:

13. *Leakage test.* Each container shall be tested, with seams under water or covered with soapsuds or heavy oil, by interior air pressure of at least 7 pounds per square inch. Equally efficient means of testing are authorized upon demonstration and proof of satisfactory tests to representative of Bureau of Explosives. Leakers shall be rejected or repaired and retested.

30. Superseding and amending paragraph 12, Spec. 42B (*Leakage test*), order August 16, 1940, to read as follows:

12. *Leakage test.* Each container shall be tested, with seams under water or covered with soapsuds or heavy oil, by interior air pressure of at least 15 pounds per square inch. Equally efficient means of testing are authorized upon demonstration and proof of satisfactory tests to representative of Bureau of Explosives. Leakers shall be rejected or repaired and retested.

31. Superseding and amending paragraph 12, Spec. 42D (*Leakage test*), order August 16, 1940, to read as follows:

12. *Leakage test.* Each container shall be tested, with seams under water or covered with soapsuds or heavy oil, by interior air pressure of at least 10 pounds

per square inch. Equally efficient means of testing are authorized upon demonstration and proof of satisfactory tests to representative of Bureau of Explosives. Leakers shall be rejected or repaired and retested.

32. Amending order August 16, 1940, as follows (Add):

SPECIFICATION 42E—ALUMINUM DRUMS

Single-trip container

Container must comply with Specification 42B except as follows (paragraph references are to specification 42B):

2. Rated capacity as marked, see paragraph 9. 55 gallons; actual capacity shall be rated capacity plus at least 2 percent.

3. *Composition.* Body and heads of aluminum alloy 52S. Plastic closure plugs authorized if suitably resistant to action of lading.

6. (a) *Parts and dimensions.* To be of 14 B & S gauge (.064").

6. (b) Rolled or swaged in rolling hoops required.

7. (a) *Closures.* Of screw-thread type or secured by screw-thread device; openings over 2.3 inches not authorized; suitable gaskets required; head openings only permitted. Vented closing devices of type approved by the Bureau of Explosives are authorized when specified by the purchaser.

8. *Head rings.* Must be of 14 B & S gauge (.064") tack-welded to each head.

9. (a) *ICC-42E.* This mark shall be understood to certify that the container complies with all specification requirements. The letters STC; located just below or above the ICC mark to indicate "single-trip container".

10. *Size of marking (minimum).* 1 inch high.

12. *Leakage test.* Each container shall be tested, with seams under water or covered with soapsuds or heavy oil, by interior air pressure of at least 10 pounds per square inch. Leakers shall be rejected or repaired and retested.

33. Superseding and amending paragraph 16 (g), Spec. 105A300 (*Marking*), order August 16, 1940, to read as follows:

(g) Water capacity of the tank in pounds stamped plainly and permanently in letters and figures at least $\frac{3}{8}$ inch high into the metal of the tank immediately below the mark specified in paragraphs 16 (c) and 16 (d). This mark must also be stenciled on the jacket immediately below the dome platform and either directly behind or within 3 feet of the right or left side of ladder, or ladders if there is a ladder on each side of the tank, in letters and figures at least 2 inches high as follows: "Water capacity—000000 pounds."

34. Superseding and amending paragraph 20 (g), Spec. 104A (*Marking*), order August 16, 1940, to read as follows:

(g) Water capacity of the tank in pounds stamped plainly and permanently in letters and figures at least $\frac{3}{8}$ inch high into the metal of the tank immediately below the mark specified in paragraphs 20 (c) and 20 (d). This mark must also

be stenciled on the jacket immediately below the dome platform and either directly behind or within 3 feet of the right or left side of ladder, or ladders if there is a ladder on each side of the tank, in letters and figures at least 2 inches high as follows: "Water capacity—000000 pounds."

35. Superseding and amending paragraph 20 (j), Spec. 104A-W (*Marking*), order August 16, 1940, to read as follows:

(j) Water capacity of the tank in pounds stamped plainly and permanently in letters and figures at least $\frac{3}{8}$ inch high into the metal of the tank immediately below the mark specified in paragraphs 20 (c) and 20 (d). This mark must also be stenciled on the jacket immediately below the dome platform and either directly behind or within 3 feet of the right or left side of ladder, or ladders if there is a ladder on each side of the tank, in letters and figures at least 2 inches high as follows: "Water capacity—000000 pounds."

36. Superseding and amending paragraph 20 (j), Spec. 105A300-W (*Marking*), order August 16, 1940, to read as follows:

(j) Water capacity of the tank in pounds stamped plainly and permanently in letters and figures at least $\frac{3}{8}$ inch high into the metal of the tank immediately below the mark specified in paragraphs 20 (c) and 20 (d). This mark must also be stenciled on the jacket immediately below the dome platform and either directly behind or within 3 feet of the right or left side of ladder, or ladders if there is a ladder on each side of the tank, in letters and figures at least 2 inches high as follows: "Water capacity—000000 pounds."

37. Superseding and amending paragraph 20 (j), Spec. 105A400W (*Marking*), order August 16, 1940, to read as follows:

(j) Water capacity of the tank in pounds stamped plainly and permanently in letters and figures at least $\frac{3}{8}$ inch high into the metal of the tank immediately below the mark specified in paragraphs 20 (c) and 20 (d). This mark must also be stenciled on the jacket immediately below the dome platform and either directly behind or within 3 feet of the right or left side of ladder, or ladders if there is a ladder on each side of the tank, in letters and figures at least 2 inches high as follows: "Water capacity—000000 pounds."

38. Superseding and amending paragraph 20 (j), Spec. 105A500-W (*Marking*), order August 16, 1940, to read as follows:

(j) Water capacity of the tank in pounds stamped plainly and permanently in letters and figures at least $\frac{3}{8}$ inch high into the metal of the tank immediately below the mark specified in paragraphs 20 (c) and 20 (d). This mark must also be stenciled on the jacket immediately below the dome platform and either directly behind or within 3 feet of the right or left side of ladder, or ladders if there is a ladder on each side of the tank, in

letters and figures at least 2 inches high as follows: "Water capacity—000000 pounds".

39. Superseding and amending paragraph 20 (j), Spec. 105A600-W (*Marking*), order August 16, 1940, to read as follows:

(j) Water capacity of the tank in pounds stamped plainly and permanently in letters and figures at least $\frac{3}{8}$ inch high into the metal of the tank immediately below the mark specified in paragraphs 20 (c) and 20 (d). This mark must also be stenciled on the jacket immediately below the dome platform and either directly behind or within 3 feet of the right or left side of ladder, or ladders if there is a ladder on each side of the tank, in letters and figures at least 2 inches high as follows: "Water capacity—000000 pounds".

40. Superseding and amending paragraph 22, Spec. 3A, order July 21, 1945, December 7, 1945, and August 19, 1946, to read as follows:

22. *Additional type.* Cylinders made of steel commercially known as 4130X, NE-8630, 9115, 9125, 9115X, 9125X, or intermediate manganese, with yield point over 70 percent of tensile strength are also authorized when made in full compliance with the requirements of Specification 3AA.

PART 5—REGULATIONS APPLYING TO CARRIERS BY RAIL EXPRESS

1. Superseding and amending paragraph (a), section 655 (*Handling packages*), order November 8, 1941, to read as follows:

(a) In handling packages containing explosives or other dangerous articles, care must be taken to prevent them from falling or from being broken. They must not be thrown, dropped, or rolled. Packages bearing the marking "This side up" as required by these regulations must be so handled and loaded.

It is further ordered, That the aforesaid regulations as further amended herein shall be and remain in full force and effect on and after May 24, 1947, and shall be observed until further order of the Commission;

It is further ordered, That compliance with the aforesaid regulations, as amended, made effective by this order, is hereby authorized on and after date of service hereof;

And it is further ordered, That copies of this order be served upon all parties of record herein, and that notice shall be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of Federal Register.

[S. O. 689]

PART 97—ROUTING OF TRAFFIC

RETURNING EMPTY REFRIGERATOR CARS THROUGH CHICAGO, ILL.

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 28th day of February A. D. 1947.

It appearing, that the Belt Railway Company of Chicago and the Indiana Harbor Belt Railroad Company in return movement are engaging in the practice of returning the identical empty refrigerator car to the railroad from which it was received under load with perishable traffic, thus causing additional switching resulting in delay to the movement of such empty refrigerator cars; in the opinion of the Commission an emergency requiring immediate action exists in the Chicago Switching District, it is ordered, that:

§ 97.689 *Returning empty refrigerator cars through Chicago, Ill.* (a) The Belt Railway Company of Chicago and the Indiana Harbor Belt Railroad Company shall transport, move, or switch, and deliver an equal number of return empty refrigerator cars to each line haul railroad as were received from each line haul railroad in loaded movement as ordered by this Commission's Refrigerator Car Agent C. W. Taylor, 59 East Van Buren Street, Chicago, Illinois, regardless of ownership or markings of particular cars, and without regard to the railroad from

which such empty cars were received in loaded movement.

(b) *Application.* The provisions of this section shall apply to interstate and foreign commerce.

(c) *Rules, regulations and practices suspended.* The operation of all rules, regulations, and practices insofar as they conflict with the provisions of this section, is hereby suspended.

d. That certain debt or other obligation owing to August H. Lomb, by Lincoln Rochester Trust Company, 183 East Main Street, Rochester, New York, arising out of a checking account entitled August H. Lomb, and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the aforesaid national of a designated enemy country (Germany);

and it is hereby determined:

3. That to the extent that the person named in subparagraph 1 hereof is not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being

deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

KANEMATSU TRADING CORP.

Whereas, by Vesting Order Number 189, dated September 28, 1942 (7 F. R. 8815, October 30, 1942), there were vested all of the issued and outstanding shares of the capital stock of Kanematsu Trading Corporation, a New York corporation; and

Whereas, Kanematsu Trading Corporation has been substantially liquidated under the supervision of the undersigned;

No. 46—3

Now, under the authority of the Trading with the Enemy Act, as amended, and Executive Orders 9095, as amended, and 9788, and pursuant to law, the undersigned, after investigation:

1. Finding that the claims of all known creditors have been paid except possible claims for taxes and fees owed by or accruing against the corporation, and except such claim, if any, as the Attorney General of the United States may have for monies advanced or services rendered to or on behalf of the corporation; and

2. Having determined that it is in the national interest of the United States that said corporation be dissolved, and that its assets be distributed, and a certificate of dissolution having been issued by the Secretary of State of the State of New York:

hereby orders that the officers and directors of Kanematsu Trading Corporation (to wit, Francis J. Carmody, President and Director, Robert Kramer, Secretary and Director, and Martin S. Watts, Treasurer and Director, and their successors, or any of them), continue the proceedings for the dissolution of Kanematsu Trading Corporation; and further orders, that the said officers and directors wind up the affairs of the corporation and distribute the assets thereof coming into their possession as follows:

(a) They shall first pay the current expenses and reasonable and necessary charges of winding up the affairs of said corporation and the dissolution thereof; and

(b) They shall then pay all known Federal, state, and local taxes and fees owed by or accruing against the said corporation; and

(c) They shall then pay over, transfer, assign and deliver to the Attorney General of the United States, all of the funds and property, if any, remaining in their hands after the payments as aforesaid, the same to be applied by him, first in satisfaction of such claim, if any, as he may have for monies advanced or services rendered to or on behalf of the corporation, and second, as a liquidating distribution of assets to the Attorney General of the United States as holder of all the issued and outstanding stock of the corporation; and

further orders, that nothing herein set forth shall be construed as prejudicing the rights, under the Trading with the Enemy Act, as amended, of any person who may have a claim against said corporation to file such claim with the Attorney General of the United States against any funds or property received by the Attorney General of the United States hereunder; *Provided, however*, That nothing herein contained shall be construed as creating additional rights in such person; *And provided, further*, That any such claim against said corporation shall be filed with or presented to the Attorney General of the United States within the time prescribed for such claims by the Trading with the Enemy Act, as amended, and applicable regulations and orders issued pursuant thereto, as well as in the form and man-

ner therein designated; and further orders, that all actions taken and acts done by the said officers and directors of Kanematsu Trading Corporation, pursuant to this order and the directions contained herein shall be deemed to have been taken and done in reliance on and pursuant to paragraph numbered (2) of subdivision (b) of section 5 of the Trading with the Enemy Act, as amended, and the acquittance and exculpation provided therein.

Executed at Washington, D. C., this 27th day of February 1947.

ALBEKO SHOE MACHINERY CORP.

Whereas, by Vesting Order No. 1260, dated April 20, 1943 (8 F. R. 6742, May 22, 1943), there were vested 50 of the 100 issued and outstanding shares of \$100 par value common capital stock of Albeko Shoe Machinery Corporation, a New York corporation; and

Whereas, the remaining 50 shares of issued and outstanding \$100 par value common capital stock are owned by Herman Schwabe, a citizen of the United States; and

Whereas, by said Vesting Order No. 1260 there were also vested all right, title and interest of Albeko Schuhmaschinen, G. m. b. H., Albeko Schuhmaschinen A. G., Albeko Kommandit Gesellschaft fur Artikel der Schuhindustrie Ahlborn & Company and Maschinenfabrick Moenus A. G., and each of them in and to all obligations owing to them, or to any of them, by Albeko Shoe Machinery Corporation, and it has been determined that certain claims in the total amount of \$19,254.78 were thereby vested; and

Whereas, the Albeko Shoe Machinery Corporation is indebted to the Attorney General of the United States, as successor to the Allen Property Custodian, for monies advanced or services rendered to or on behalf of the corporation; and

Whereas, Albeko Shoe Machinery Corporation is insolvent and has been substantially liquidated; and

Whereas, the said Herman Schwabe, owner of all the unvested issued and outstanding capital stock of Albeko Shoe Machinery Corporation, has agreed to the application of its assets to the outstanding claims against it;

Now, under the authority of the Trading with the Enemy Act, as amended, and Executive Orders 9095, as amended, and 9788, and pursuant to law, the undersigned, after investigation:

1. Finding that the claims of all known creditors have been paid, except such claims as the Attorney General of the United States has for monies advanced or services rendered to or on behalf of the corporation; and except the claims formerly of Albeko Schuhmaschinen G. m. b. H., Albeko Schuhmaschinen A. G., Albeko Kommandit Gesellschaft fur Artikel der Schuhindustrie Ahlborn & Company, and Maschinenfabrik Moenus A. G., in the total amount of \$19,254.78 and which were vested as aforesaid; and

2. Having determined that it is in the national interest of the United States that said corporation be dissolved and that its assets be distributed, and a certificate of dissolution having been issued by the Secretary of State of the State of New York;

Hereby orders that the officers and directors of Albeko Shoe Machinery Corporation (to wit: Robert Kramer, President and Director, Francis J. Carmody, Secretary and Director, and M. S. Watts, Treasurer and Director, and their successors, or any of them) continue the proceedings for the dissolution of Albeko Shoe Machinery Corporation; and further orders that the said officers and directors wind up the affairs of the corpo-

ration and distribute the assets thereof coming into their possession as follows:

a. They shall first pay the current expenses and reasonable and necessary charges of winding up the affairs of the said corporation and the dissolution thereof; and

b. They shall then pay all known Federal, state and local taxes and fees owed by or accruing against the said corporation; and

c. They shall then pay over, transfer, assign, and deliver to the Attorney General of the United States all of the funds and property, if any, remaining in their hands after the payments as aforesaid, the same to be applied by him, first in satisfaction of such claims as he may have for monies advanced or services rendered to or on behalf of the corporation, and second in pro rata satisfaction of the vested claims against the corporation in the amount of \$19,254.78, as hereinbefore described; and

further orders, that nothing herein set forth shall be construed as prejudicing the rights, under the Trading with the Enemy Act, as amended, of any person who may have a claim against the said corporation to file such claim with the Attorney General of the United States against any funds or property received by the Attorney General of the United States as above set forth; *Provided, however*, That nothing herein contained shall be construed as creating additional rights in such person; and *Provided, further*, That any such claim shall be filed with or presented to the Attorney General of the United States within the time and in the form and manner prescribed for such claims by the Trading with the Enemy Act, as amended, and applicable regulations and orders issued pursuant thereto; and further orders, that all actions taken and acts done by the officers and directors of Albeko Shoe Machinery Corporation pursuant to this order and the directions contained therein shall be deemed to have been taken and done in reliance on and pursuant to paragraph numbered (2) of subdivision (b) of section 5 of the Trading with the Enemy Act, as amended, and the acquittance and exculpation provided therein.

Executed at Washington, D. C., this 24th day of February 1947.

2. Limit of acreage for which entry may be made or water secured. The area of public land in each entry represents the acreage which, in the opinion of the Secretary of the Interior, may be reasonably required for the support of a family upon such land, and is fixed at the amounts shown upon the said farm unit plats for the respective farm units thereon. The maximum limit of area for which water rental application may be made for lands in private ownership shall

be 160 acres of irrigable land for each landowner.

3. Qualifications required by the Reclamation Law. Pursuant to the provisions of subsection C of section 4 of the act of December 5, 1924 (43 Stat. 702, 43 U. S. C. 433), minimum qualifications as to character, industry, health, farm experience and operating capital have been established which, in the opinion of the local examining board, are necessary to insure the success of an entryman on the land. Applicants must meet these minimum qualifications in order to receive further consideration for entry. These qualifications are:

(a) Character and industry. Each entryman must be possessed of honesty, temperate habits, thrift, industry, seriousness of purpose, record of good moral conduct and a bona fide intent to engage in farming as an occupation. Persons named as references in paragraph 17 of the farm application blank should be responsible individuals (not relatives) who are personally acquainted with the applicant and who are willing and able to disclose full information as to the applicant's qualifications for entry on a reclamation farm unit.

(b) Health. Each entryman must be in such physical condition as will enable him to engage in farm labor. Any person who is physically handicapped or afflicted with any condition which makes such ability questionable should attach to his application the detailed statement of an examining physician which defines the limitation upon such ability and its causes.

(c) Farm experience. Each entryman must have had at least two years' full-time farming experience acquired subsequent to the applicant's fifteenth birthday. Two years of study in agricultural courses in an accredited agricultural college or two years of responsible technical work in agriculture which may contribute toward knowledge of the successful operation of a farm may be credited as one year of farming experience. No more than one year's experience may be credited from such source. No advantage will accrue from farming experience on irrigated land. Applicants must furnish three written statements signed by a county agent, Farmers' Home Administration county supervisor, AAA county chairman, an officer of any local farm organization or other comparable persons who have personal knowledge of the applicant's farm experience or have verified it to their satisfaction as required in paragraph 18 of the farm application blank. Women applicants should describe fully the farm activities in which they have participated and the relation of agricultural courses they have taken to farm operation and management.

(d) Capital. Each entryman must possess at least \$3,000 in operating capital or equivalent property such as livestock and farm machinery owned by the applicant and deemed by the examining board to be useful on the farm. Adequate credit will be considered when substantiated by a certified statement from the credit source, outlining the amount which will be lent to the applicant and the terms of the loan. In any event,

credit will be considered only if the terms of repayment will not, in the opinion of the board, interfere with the development of a farm unit.

In addition, in order to qualify for entry on project lands, applicants must not hold or own, within any Federal Reclamation Project, irrigable land for which construction charges payable to the United States have not been fully paid. Proofs of conformity with this requirement need not be furnished, but a check of project land will be made to determine eligibility of applicants before awards of farm units are made.

4. *Principal qualifications required by homestead law.* The homestead laws require that an entryman:

(a) Must be a citizen of the United States or have declared an intention to become a citizen of the United States.

(b) Entrywomen who are married must be heads of families. (Except veterans of World War II, all entrymen must be twenty-one years of age, or the head of a family, and entrywomen must be twenty-one years of age and the head of a family. The act of June 25, 1946, removes the age requirement for both men and women who are veterans but does not affect the homestead requirement that entrywomen who are married must be the heads of families.) Proofs of such status must be submitted with the applications of married women.

(c) Must not own more than 160 acres of land in the United States (certain exceptions are allowed).

(d) Must not have exhausted the right to make homestead entry on public land by prior exercise of this right.

Full information concerning homesteading qualifications may be obtained from the District Land Office at Spokane, Washington, or the Bureau of Land Management, Washington, D. C.

5. *Preference right of veterans of World War II—(a) Nature of preference.* Pursuant to the provisions of the act of Congress of September 27, 1944 (58 Stat. 747), and the act of June 25, 1946 (Public Law 440, 79th Congress), a preference right of application for a period of ninety days will be given to persons who have served in the Army, Navy, Marine Corps, or Coast Guard of the United States for a period of at least ninety days during World War II and who are honorably separated or discharged therefrom; *Provided, however,* That they must be qualified to enter public land under the homestead laws and must also possess the qualifications as to industry, experience, character, capital and physical fitness required of all entrymen by this notice. This right extends to the widow of a veteran of World War II, and to the guardian of his or her minor orphan child or children. The commencement of the United States' participation in World War II shall be deemed, for purposes of this notice, to be December 8, 1941.

(b) *What constitutes an honorable discharge.* An honorable discharge within the meaning of the Act of September 27, 1944 (58 Stat. 747) shall mean:

(1) The separation of a veteran from the service by means of an honorable discharge or a discharge under honorable conditions;

(2) The transfer of a veteran from active duty to a reserve or retired status prior to the termination of the war;

(3) The ending of the period of war service by reason of the termination of the war, even though the person remains in the service of the armed forces of the United States.

(c) *Submission of proof.* All applicants for farm units who claim veterans' preference must attach to their applications a photostatic, certified or authenticated copy of an official document of their respective branch of the service which clearly indicates an honorable separation or discharge or transfer to a reserve or retired status.

Farm applications of veterans eligible under terms of this paragraph will be considered as filed simultaneously if received prior to 2:00 p. m. on April 1, 1947, and will be considered in accordance with paragraph 9 below. Applications of veterans received after 2:00 p. m. on April 1, 1947, but prior to 90 days thereafter, will be filed in the order received and will be considered only if there are farm units yet unentered after all applications from qualified veterans received prior to 2:00 p. m., April 1, 1947, have been considered.

6. *General entry.* On and after July 1, 1947, if the farm units described in paragraph 1 above, or any of them, shall remain unentered, the said farm unit shall be subject to entry under this notice by any person having the necessary qualifications.

(a) All applications filed prior to July 1, 1947, by persons who are not entitled to preference rights as veterans, under paragraph 5 hereof, will be received and all applications of such persons so received prior to 2:00 p. m. of that date will be held and treated as simultaneously filed and will be considered as having been filed at 2:00 p. m., July 1, 1947. If more than one such application has been received on July 1, 1947, at 2:00 p. m., the right to make entry for such farm units shall be determined in accordance with paragraphs 3, 4, and 9, of this notice.

(b) If award is not made of all farm units to the applicants at that time, any applications filed after 2:00 p. m., July 1, 1947, will be considered by the board in the order in which they are filed.

7. *When and how to apply for a farm unit—(a) Application blanks.* Any person desiring to acquire any of the said public land must fill out the farm application blank which is attached to this notice. Additional blanks may be obtained from the Yakima Project Office, Federal Building, Yakima, Washington; the Regional Director, Bureau of Reclamation, Post Office Box No. 937, Boise, Idaho, or the Commissioner's Office, Bureau of Reclamation, Department of the Interior, Washington 25, D. C. Full and frank answers must be made to each question on the farm application blank except that a preference choice of farm units shall not be authorized and need not be listed.

(b) *Filing of applications and proofs.* An application for a farm unit listed in this notice must be filed with the Project Superintendent, Bureau of Reclamation, Federal Building, Yakima, Washington,

in person or by mail or otherwise. No advantage will accrue to an applicant presenting his application in person rather than by mail. Such applications must be accompanied by proof of veterans' status, farm experience, and married women's proofs of their status as the heads of families.

8. *Examining Board.* An Examining Board of three members, including the Superintendent of the Yakima Project who will act as Secretary of the Board, has been approved by the Commissioner of Reclamation to consider the fitness of each applicant to undertake the development and operation of a farm on the Yakima Project. Careful investigation shall be made to verify the statements and representations made by the applicants to the end that no misunderstanding may prevail, either regarding the applicant's fitness or his appreciation of the problem before him. Any falsification or fraudulent representation at any time will automatically disqualify the applicant from further consideration. Each action of the Board with respect to any individual applicant is subject to appeal to the Director of Region I, Bureau of Reclamation, Boise, Idaho. Such appeals must be filed in the office of the Project Superintendent, Yakima, Washington, within ten days of receipt of notice of any action by the Board with respect to his application. The Superintendent will forward such appeals promptly to the Regional Director.

9. *Showing of applicants and selection of entrymen.* Farm application blanks filed by persons claiming veterans' preference prior to 2:00 p. m., April 1, 1947, will be treated as simultaneously filed, and the Examining Board will dispose of them as follows:

(a) If the applicant fails to make a prima facie case, that is, an examination of the application discloses that the applicant is unqualified in respect to the requirements prescribed herein, the application shall be rejected, and the applicant notified thereof, by registered mail with return receipt requested, and of his right to appeal to the Regional Director.

(b) After the expiration of the appeal period fixed in paragraph 8 above, and in the absence of any pending appeals, the Board shall conduct a drawing from among the remaining qualified candidates for the award of farm units. The first name drawn shall be the first selection for the first farm unit as listed in paragraph 1 above, the second name drawn shall be the first selection for the second unit on the list, and this process shall continue until a first selection has been made for all farm units listed herein. The names of 28 additional applicants shall then be drawn, as alternates, in the order of their drawing, but without designation for any specific units.

(c) After completion of the process of drawing, the applicants whose names are drawn shall be closely investigated to determine the authenticity and reliability of the information and proofs offered by them. This investigation may include a personal appearance before the Board of Examiners, if the board determines

that this is necessary. Those applicants first drawn shall have prior right of entry on the particular units for which drawn if this examination proves satisfactory. They shall have no prior right of entry for any other farm unit. Applicants whose names were drawn as alternates will be offered the right of entry to any unit which may not be entered by the first selected applicant. Such units will be offered, in the order in which they become available, to the alternates in the order drawn and alternates will be ineligible for any further consideration after being offered right of entry to a single unit.

10. *Notification of selection and rejection.* (a) After the completion of the selection process and the determination of all appeals, the Board shall notify the 28 selected applicants, by registered mail with return receipt requested, of his or her selection. With such notice, the Board shall enclose a formal acceptance of the farm unit awarded. This form must be executed by the applicant and returned to the office of the Project Superintendent, Bureau of Reclamation, Federal Building, Yakima, Washington, within 10 days from receipt of the said notice. Upon receipt by the Project Superintendent of the acceptance, executed by the applicant before the expiration of the said ten-day period, the Secretary of the Examining Board shall furnish to each such selected applicant by registered mail, unless delivery is made in person, a certificate stating that his or her qualifications to enter public lands, as required by subsection C of section 4 of the act of December 5, 1924 (43 Stat. 702), have been passed upon and approved by that Board. Such certificate, a copy of which will be forwarded by the Secretary of the Board to the District Land Office at Spokane, Washington, immediately upon the issuance thereof, must be attached by the applicant to his homestead application, together with a copy of his acceptance of the farm unit, when he files such application at the District Land Office. Such homestead application must be made within 15 days from the date of receipt by the applicant of said certificate. Failure to make application for homestead entry within the period specified herein will render the application subject to rejection.

(b) The Secretary of the Board shall also advise each alternate by registered mail, with return receipt requested, of his or her selection and the order of priority as an alternate.

(c) The Farm Application Blanks of all other applicants shall be held for further consideration and if any farm units are still available and unentered when the first list of alternates is exhausted, a second list of alternates shall be drawn and the process in paragraph 9 (c) repeated. After all farm units have been entered, the Board shall notify all remaining applicants that the farm units described in paragraph 1 have been entered and that, consequently, their applications must be held for rejection.

11. *Warning against unlawful settlement.* No person shall be permitted to

gain or exercise any right under any settlement or occupation of any of the public lands covered by this notice except under the terms and conditions prescribed by this notice: *Provided, however,* That this shall not affect any valid existing right obtained by settlement or entry while the land was subject thereto.

12. *Water rental charges.* The minimum water rental charges for the irrigation season of 1947 (from April 1 to October 31) will be \$2 per acre for the irrigable area of each legal subdivision for which water service is requested and such charges will entitle the water user to two acre-feet of water per irrigable acre. Additional water, if available, will be furnished at the following rates:

Third acre-foot per acre.....	\$1.40
Fourth acre-foot per acre.....	1.85
Fifth acre-foot per acre.....	2.30
Sixth and additional acre-feet per acre.....	2.75

All water rental charges must be paid to the Roza Irrigation District in advance of the delivery of water and the full amount of the charges for two acre-feet of water should be paid promptly as soon as the area of land in a farm unit to be irrigated in 1947 has been determined in order to avoid any delay in the delivery of water. The water rental charges are intended to reimburse the United States for the operation and maintenance of project works and will be continued as the operation and maintenance charges levied by the District when payment of construction charges has been commenced. All such charges shall be subject to the penalties and provisions for cancellation and collection provided in section 6 of the act of August 13, 1914 (38 Stat. 686), as amended by section H of section 4 of the act of December 5, 1924 (43 Stat. 703, 43 U. S. C. 478, 494).

13. *Contracts with the Roza Irrigation District and recordable agreement required.* (a) The lands involved in this notice are included in the Roza Irrigation District which has agreed:

(1) By contract dated December 13, 1935, a copy of which is available for inspection in the project office, Bureau of Reclamation, Federal Building, Yakima, Washington, to pay the charges due to the United States in connection with construction of the irrigation works for the Roza Division of the Yakima Project and the annual costs of the operation and maintenance of such works and to collect the necessary funds for that purpose from the landowners and entrymen of the District by the levy of assessments or the collection of toll charges.

(2) By contract dated July 8, 1921, as amended by supplemental contract dated April 15, 1935, copies of which are also available for inspection in the project office, to pay to the United States for storage of Yakima River water in the reservoirs of the United States, and releases designed to serve the irrigation needs of the District, the further sum of \$2,500,000 and to collect the necessary funds for this purpose from the landowners and entrymen of the District by the levy of assessments or the collection of toll charges.

(b) Each applicant for entry in order to receive water will also be required to execute and deliver a recordable contract as required under Article 28 of the said contract of December 13, 1935. (The recordable contract is designed to prevent land speculation based upon increased value of the land resulting from irrigation.) It provides that in case of the sale of the land by the entryman, a portion of the sale price over and above the appraised value shall be applied on the construction charges against the land which is being sold.

Each applicant for entry, in making such application, agrees to be bound by the provisions of the repayment contract with the Roza Irrigation District dated December 13, 1935, as amended, and with the storage contract dated July 8, 1921, as amended, and entrymen filing applications under this notice are expected to read and become familiar with the said contracts.

14. *Payment of construction charges.* Construction and storage charges will be paid by the water users in accordance with the terms of the contracts between the United States and the Roza Irrigation District. Payment of construction and storage charges for land entered pursuant to this notice shall commence at such time as the Secretary of the Interior shall announce by appropriate supplemental notice. By the terms of the existing contracts, repayment of the total cost of construction and storage chargeable to the Roza Division of the Yakima Project shall be paid to the United States by the Roza Irrigation District (which embraces lands herein described) within 40 years from the date of the supplemental notice, announcing the estimated or actual cost, if then ascertainable, to be repaid. The current estimate of the cost of construction and storage chargeable to the Roza Division is \$19,077,500. On the basis of this estimate and an estimate of 72,000 irrigable acres within the District, each irrigable acre of land within the Roza Irrigation District will be required to bear, in addition to the cost of operation and maintenance, an average construction and storage cost of approximately \$265.

15. *Reservation of rights-of-way for county, State, and Federal highways and access roads.* Rights-of-way are reserved for county, State, and Federal highways and access roads to the farm units shown on said plats along section lines and other lines shown in red on the farm plats, said right-of-way being in general 30 feet in width on each side of said lines for county roads, 20 feet each side of said lines for access roads, and not to exceed 50 feet on each side of said lines for State and Federal highways.

16. *Reservation of rights-of-way for telephone, electric transmission, water and sewer lines and water-treating and pumping plants.* Rights-of-way are reserved for Government-owned telephone, electric transmission, water and sewer lines and water-treating and pumping plants, as now constructed, and the Secretary reserves the right to locate such other government-owned facilities over and across the farm units above described, as hereafter in his opinion may

be necessary for the proper construction, operation or maintenance of said project.

17. *Waiver of mineral rights.* All homestead entries for the above-described farm units will be subject to the laws of the United States governing mineral land and all homestead applicants under this notice must waive the right to the mineral content of the land, if required to do so by the Bureau of Land Management, otherwise the homestead applications will be rejected or the homestead entry or entries cancelled.

18. *Settler assistance in land development.* The Bureau of Reclamation, as an incident to the completion of the project, will assist entrymen, in appropriate cases, on a reimbursable basis, in development of farm units, including clearing and rough leveling the land, roughing in of farm irrigation and surface drainage systems beyond the farm turnout.

19. *Effect of relinquishment.* In the event that any entry of public land shall be relinquished prior to 2:00 p. m., July 1, 1947, the lands so relinquished shall be subject to entry in accordance with paragraphs 5 and 9 of this notice. In the event that any entry of public land shall be relinquished subsequent to 2:00 p. m., July 1, 1947, and at any time prior to actual proving up of the land through necessary residence, cultivation and other homestead requirements, the lands so relinquished shall not be subject to entry for a period of 60 days after the filing and notation of the relinquishment in the local land office. During the 10-day period next succeeding the expiration of such 60-day period, any person having the necessary qualifications may file application for said public land. If, on the tenth day of said 10-day period, prior to 2:00 p. m., the number of applications filed exceeds the number of available farm units, then the right to make entry for such farm units shall be determined in accordance with the procedure described in paragraph 9 of this notice.

Secretary of the Interior.

[Docket No. G-831]

OHIO FUEL GAS CO.

ORDER FIXING DATE OF HEARING

FEBRUARY 27, 1947.

Upon consideration of the application filed December 23, 1946, in Docket No. G-831, by The Ohio Fuel Gas Company (Applicant), an Ohio corporation with its principal place of business at Columbus, Ohio, for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, to authorize Applicant to construct and operate the following described natural-gas pipeline facilities subject to the jurisdiction of the Federal Power Commission: A regulator and measuring station on Applicant's 4-inch transmission pipeline H-101 in the southern part of York Township, Morgan County, Ohio.

It appearing to the Commission that:
(a) Applicant proposes the construction and operation of the aforesaid described facilities for the purpose of delivering and selling natural gas to Deavertown Oil and Gas Company for resale in Deavertown, Ohio; and

(b) This proceeding is a proper one for disposition under the provisions of Rule 32 (b) (18 CFR 1.32 (b)) of the Commission's rules of practice and procedure (effective September 11, 1946), Applicant having requested that its application be heard under the shortened procedure provided by the aforesaid rule for noncontested hearings, and no request to be heard, protest or petition having been filed subsequent to the giving of due notice of the filing of the application, including publication in the FEDERAL REGISTER on January 24, 1947 (12 F. R. 506);

The Commission, therefore, orders that:

(A) Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, as amended, and the Commission's rules of practice and procedure (effective September 11, 1946), a hearing be held on the 17th day of March 1947, at 9:30 a. m. (e. s. t.) in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., concerning the matters of fact and law asserted in the application filed in the above entitled proceedings: *Provided, however,* That if no request to be heard, or protest or petition to intervene raising in the judgment of the Commission an issue of substance, has been filed or allowed prior to the date hereinbefore set for hearing, the Commission may after a noncontested hearing forthwith dispose of the proceeding by order upon consideration of the application and the evidence filed therewith and incorporated in the record of the proceeding, together with such additional evidence as may be available or as the Commission may require to be filed and incorporated in the record for its consideration.

(B) Interested State commissions may participate as provided by Rules 8 and 37 (f) (18 CFR 1.8 and 1.37 (f)) of the Commission's rules of practice and procedure (effective September 11, 1946).

Date of issuance: February 28, 1947.

[Docket No. 5222]

REMBRANDT STUDIO ET AL.

ORDER APPOINTING TRIAL EXAMINER AND
FIXING TIME AND PLACE FOR TAKING
TESTIMONY

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 27th day of February A. D. 1947.

In the matter of Eugene D. Petrey, individually and as a copartner, trading as Rembrandt Studio and Goldcraft Portrait Studio; Dorothy T. Petrey, individually and as a copartner, trading as Rembrandt Studio and Goldcraft Portrait Studio; Theodore Rosenberg, also known as "Ted" Rose, individually and trading as Rembrandt Studio; Ben Scheffman, individually and trading as Rembrandt Studio; Nicola Brozila, individually and trading as Rembrandt Studio; and B. B. Bishop, individually and trading as Rembrandt Studio.

This matter being at issue and ready for the taking of testimony and the receipt of evidence, and pursuant to authority vested in the Federal Trade Commission,

It is ordered, That Henry P. Alden, a Trial Examiner of this Commission, be and he hereby is designated and appointed to take testimony and receive evidence in this proceeding and to perform all other duties authorized by law;

It is further ordered, That the taking of testimony and the receipt of evidence begin on Monday, March 10, 1947, at ten o'clock in the forenoon of that day (eastern standard time), in Room 332, Federal Trade Commission Building, Washington, D. C.

Upon the completion of the taking of testimony and the receipt of evidence in support of the allegations of the complaint, the Trial Examiner is directed to proceed immediately to take testimony and receive evidence on behalf of the respondents. The Trial Examiner will then close the taking of testimony and evidence and, after all intervening procedure as required by law, will close the case and make and serve on the parties at issue a recommended decision which shall include recommended findings and conclusions, as well as the reasons or basis therefor, upon all the material issues of fact, law, or discretion presented on the record, and an appropriate recommended order; all of which shall become a part of the record in said proceeding.

UNITED CORP.

ORDER POSTPONING HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 28th day of February 1947.

The United Corporation, a registered holding company, having filed an application for approval of a plan under section 11 (e) of the Public Utility Holding Company Act of 1935, proposing action described as necessary to effectuate the provisions of section 11 (b) of the act, and for the approval of incidental and related transactions; and the Commission having issued, on January 28, 1947 a notice of filing and order for hearing on such plan and said order having designated March 4, 1947 as the date for public hearing on said plan; and

The United Corporation having requested that the hearing in this matter be postponed for a period of one week because of inability of certain witnesses to be present at the hearing as scheduled; and

The Commission having considered such request and deeming it appropriate that it should be granted and that the hearing be postponed to March 12, 1947:

It is ordered, That the hearing in this matter previously scheduled for March 4, 1947, be, and hereby is, postponed to March 12, 1947 at the same time and place and before the same trial examiner as heretofore designated.
